# SMALL BUSINESS OPPORTUNITIES

## A MESSAGE FROM OUR CEO

GA-ASI is committed to supporting our Nation's efforts to provide maximum opportunities for Small Businesses including Disadvantaged, Women-Owned, HUBZone, Veteran-Owned, and Service Disabled Veteran-Owned companies to participate on our federal contracts as subcontractors.

## A MESSAGE FROM THE SMALL BUSINESS PROGRAM

GA-ASI is very excited to collaborate with your business. In our effort to support an ever increasing customer base, we look forward to sustaining and strengthening the existing supplier relationships that we have, but we also look forward to seizing the opportunity to create new business relationships with small business suppliers that share GA-ASI's commitment to excellence and absolute customer satisfaction. If your company provides a service listed below, we encourage you to register the organization using our Small Business Supplier portal outlined at the bottom of this page.

## ABOUT US

General Atomics Aeronautical Systems, Inc. (GA-ASI), an affiliate of General Atomics, is a leading designer and manufacturer of proven, reliable Remotely Piloted Aircraft (RPA) systems, radars, and electro-optic and related mission systems, including the Predator RPA series and the Lynx Multi-mode Radar. Celebrating over 25 years of aviation innovation, GA-ASI provides long-endurance, mission-capable aircraft with integrated sensor and data link systems required to deliver persistent flight that enables situational awareness and rapid strike. The company also produces a variety of ground control stations and sensor control/image analysis software, offers pilot training and support services, and develops meta-material antennas.
